

Purista makes clothes stay fresher for longer

Enhanced freshness

Purista is a freshness enhancing treatment which enables articles of clothing to remain fresher for longer between washing and dry cleaning

Increased comfort

There is great reassurance & confidence that clothes treated with Purista will stay comfortable and keep that 'just washed' feeling, whether being worn for work or all night partying.

Greater durability

Using Purista delivers outstanding technical performance & durability. The treatment effectively lasts for the lifetime of the garment and may even extend it.
